6	\$ 90,000.00	\$ 112,500.00	\$ 650.00	\$ 812.50

§ 135-73. - Sewer system development charge.

(a)

System development charge. A system development charge shall be charged on all connections to the town sewer system. The system development charge on all new construction shall be collected at the time of issuance of the building permit. Any increase in the water meter size on any property, or increase in the number of units on such property, shall require an additional system development charge equal to the difference between the original system development charge and the connection fee for the increased size meter.

(b)

Calculation of system development charge. System development charge shall be based upon the number of equivalent residential units (ERU's) to be served. One (1) residential unit will be served by a three-quarter-inch meter. Larger installations shall be defined as having multiple ERU's based on the size of water meters serving the facility or as otherwise set forth therein. For purposes of calculating the number of ERU's other than by water meter size, the average daily flow of an equivalent residential unit shall be three hundred fifty (350) gallons. System development charge shall be as follows:

Water Meter Size (In inches)	System Development Charge
¾	\$ 3,200.00
1	\$ 5,460.00
1½	\$ 11,200.00
2	\$ 21,440.00
3	\$ 48,960.00
4	\$ 86,400.00
6	\$ 192,000.00

Temporary Reduction of the Sewer System Development Charge through 31 December 2018

Water Meter Size (In inches)	System Development Charge
¾	\$ 500.00
1	\$ 850.00
1½	\$ 1,750.00
2	\$ 3,350.00
3	\$ 7,650.00
4	\$ 13,500.00
6	\$ 30,000.00

§ 135-11. - Unmetered fire protection.

FIRE PROTECTION CHARGES
